KEN APPELL

Welcome to the 20th Anniversary of the World's Largest Ford Family Reunion, the Carlisle Ford Nationals. This year is sure to be a bustle of activity with a number of celebrations, anniversaries, seminars and activities.

The biggest celebration is the 60th Anniversary of the Thunderbird taking place in and around Building G as well as to the west of the Grandstand with the many Thunderbird clubs. Take a walk to Building G (outside of Gate 1) and check out the rare and unique Thunderbirds.

The Carlisle Ford Nationals is not complete without a Mustang, and this year is no different. This year we celebrate one of the most iconic Ford Mustangs of all time, the Shelby GT350. Located among the Shelby classes is the GT350 50th Anniversary tent with a display spanning the history of this unique car. Also visit with Chuck Cantwell, who many claim to be the "Godfather of the GT350," to hear his storied past with the late great Carroll Shelby while he worked with him at Shelby American. (See schedule.)

Also taking place this year is the 10th Anniversary of the Ford GT located in Building T. This year's GT Celebration brings in more than 100 Ford GTs to celebrate what was heralded at its release as a "Pace Car for the Entire Company." Join the likes of Ford GT Designer Camilo Pardo, the Robertson Racing Team, Steve Saleen and more as they tell of their experiences with the Ford GT Program.

Starting a new tradition this year is the Ford Nationals Select Display in Building Y. Each year we will choose 12-14 vehicles to represent the Ford brand as a whole. Each year the cars will receive a serial number as they claim their place in Carlisle Ford Nationals' history.

As you walk around the event, stop and visit our clubs. Many of them are holding special celebrations. One of which is the Merkur Club of America with their special display featuring the 30th Anniversary of the Merkur brand. Enjoy your weekend!

### ■ Real Street Shootout

New this year is the Real Street Shootout. The fun starts at the Gateway Classic Mustang Autocross Track as ten competitors begin to earn points. There are three types of criteria. It starts with the cars being judged on appearance and overall build quality. After that, they hit the road for 10-20 miles just to be sure that their cars also have roadworthiness. Points will be deducted for any mechanical issues along the route. Then the real fun begins! When the sun goes down, the lights will come on and the cars will race autocross-style. Watch the competition at the Gateway Classic Mustang Autocross Track Friday night.

### ■ Dyno Testing

The dyno machine will be running on Friday and Saturday. **Axcelerated Motorsports** provides mobile Dyno tuning for cars and trucks using their Dynojet 248 chassis dynamometer. Their wide-band O<sub>2</sub> monitoring will determine if all that precious fuel is making power or just being wasted out the tailpipes.

### ■ Autocross

Autocross allows drivers to run on the **Gateway Classic Mustang Autocross Track** and compare their times to one another. Registration is required and will be available at the track on Sunday only, beginning at 10 a.m. The charge for each entry is \$20. You will be able to make three timed runs of two laps each. Drivers must have a valid driver's license. There are no classes or awards – this is strictly for fun. Special thanks to the **Cumberland Valley Corvette Club** for hosting this event.

### ■ Ms. Carlisle Contest

Contestants for Ms. Carlisle compete for cash prizes on Saturday evening. Ladies must register at guest services. Must be 18 with valid ID. Complete rules and contest format are available on the registration form.

### ■ Parade & Street Party

## > seminars

#### ■ The Truth About Motor Oil – Updated

This seminar will first focus on oil with some history, trivia, "Motor Oil 101" explaining zinc and a review of how and why oil specifications have changed over the years. There will be emphasis on the changes to "SM" and "SN" specifications in 2004 and 2010. For the first time in the history of motor oil in the U.S., the oil companies were unable to meet the EPA catalytic converter restrictions (150,000 mile warranty) with an oil that is suitable for older cars with flat tappet cams. The latest specifications have enough detergent to clean the "zinc" right out of the engine. See schedule for seminar times.

#### ■ Preventing the Ethanol Destruction of Carburetors

Learn why ethanol in today's fuel destroys carbureted systems and what products can help. There will be a Q&A session with the experts following this seminar.

#### ■ Girls Auto Clinic

Car maintenance and repair for women by auto technician, Patrice Banks. Read more on page 12.

#### ■ Ford Y-Block

Join author Charlie Morris for this seminar about rebuilding and modifying of Ford Y-Blocks. Y-Block fans, along with those less experienced, will learn a lot about the inner workings of this popular early Ford V8 engine. The Y-Block was a suitable and worthy successor to the highly regarded Ford Flathead V8. It was Ford's first modern OHV V8 featuring a deep skirt block design with its layout resembling a "Y," hence the name Y-Block.

#### ■ Ford Drag Team

Ford expert and veteran drag-racing author Charlie Morris will talk about his book, *Ford Drag Team* and Hubert Platt will join him with some great first-hand stories.

You'll learn about the members of the Ford Drag Council and Drag Team of the 1960s, perhaps the most important decade in Ford performance history. The book includes interviews with drag racing legends Phil Bonner, Hubert Platt, Ed Terry, Randy Payne, Al Joniec, the late Bill Lawton, Drag Team captain Dick Brannan, and more. Pick up a copy of the book and get it signed while you're here.

OFFICIAL SPONSOR OF THE  
CARLISLE FORD NATIONALS SHOWFIELD

### ■ Participant Judging

All NPD showfield participants must check in at the Guest Services building for their goody bag, dash card and participant ballot judging sheet. Participants get to choose their favorite car from each class and the cars with the most votes receive awards on Sunday.

### ■ Celebrity Choice Awards

All NPD showfield participants are eligible for a Celebrity Choice Award. Celebrity Judges will make their selections on Saturday by placing a certificate and sticker on the vehicles they choose.

### ■ "This Car Matters" Award

The Historic Vehicle Association, or HVA, will choose a vehicle to receive their 'This Car Matters' award. It is a movement designed to collect, preserve and share stories that celebrate the automobile's historic impact on modern culture and the lives of everyday people. Congratulations to the 2014 winner, Harry Overholtzer and his 1930 Model A. Read more at [HistoricVehicle.org](http://HistoricVehicle.org).

### ■ Club Challenge & Coolest Club

Each year, clubs compete to see which has the most vehicles in attendance, and awards are presented to the top three. There is also an award presented to the coolest club as determined by Ford Performance. See page 27.

### ■ Young Guns

"Young Guns" is a showfield class for owners age 25 and younger, male or female. It is open to all makes and models of Ford vehicles. Judging is by participants, just like the other classes. This is a great way for younger people in our hobby to meet others and show off what they are doing with their cars.

### ■ Parade

If you pre-registered to participate in the parade, ***you must check in with the Downtown Carlisle Association in the Guest Services building to get your credentials*** and line-up instructions (along with your official parade participant souvenirs).

If you'd like to sign up for the parade, visit the Downtown Carlisle Association staff in the Guest Services building. The fee is \$25 and you'll receive a goody bag with a commemorative t-shirt and dash plaque. Your vehicle must be registered for the Showfield to participate.

### ■ Awards & Presentation

The winners' list is posted at 9 a.m. Sunday in front of the Grandstand. If you won an award, go to the Guest Services building to pick it up and check in for the optional winners' parade. ## GT Celebration

### About the Ford GT

The Ford GT is a modern supercar inspired by a similar-looking 1960s racecar, the Ford GT40, that was built to compete in long-distance races against Ferrari. It was only produced for two years – 2005 and 2006. The second generation has received some upgrades, including a sharp facelift, and is slated to begin production in 2016 with the 2017 model.

2015 marks the tenth anniversary of the first generation Ford GT. It also marks the 50th anniversary of the GT40's legendary victory at the 1966 24 Hours of Le Mans race in France which started a three-year winning streak.

### Special Guests

#### STEVE SALEEN

Steve Saleen, a very popular name within automotive circles, is here courtesy of the Saleen Owners and Enthusiasts Club (SOEC). In 1983, he founded Saleen, Inc. Most commonly associated with Mustangs, Saleen, Inc. offers high-performance vehicles, including the Challenger and Camaro, and has recently produced the Saleen S7 Supercar. Every custom order is built from the ground up. Steve Saleen was inducted into the Mustang Hall of Fame in 1996 alongside Carroll Shelby. He also had a hand in the early Ford GT cars. Don't miss out as Saleen tells his own Ford GT story.

#### CAMILO PARDO

Meet Chief Design Engineer of both generations of the Ford GT, Camilo Pardo. After 15 years at Ford Motor Company, he took on a state-of-the-art re-design of the classic Ford GT40 race car. This project resulted in the 2002 Ford GT concept car which became the 2005 and 2006 production models.

As a dedicated artist who sets no limits on his creative endeavors, Camilo has found that his outside artistic expressions further strengthen and complement his passion for automotive design.

### ROBERTSON RACING TEAM

David and Andrea Robertson and Andrew "H" Smith started competing with a home-built GT2-spec Ford GT in the 2008 American Le Mans Series. They have achieved much success and reached a milestone when they competed in their first 24 Hours of Le Mans race in 2011. They have two racecars and a chassis on display. Stop by to meet them and talk racing in Building T.

### GT JOEY

"GT Joey" Limongelli is a passionate GT owner and enthusiast. He is very active in the hobby and is the host of the upcoming TV series, "Ford GT, An American Icon."

### GT Celebration

- Installations by the GT Guys, LLC
- Hospitality area for GT owners
- GT V.I.P. Party Friday night (must have purchased the GT V.I.P. Package before the event)

Be sure to see two of the four Matech GT1 cars that competed at the 2010 24 Hours of Le Mans race along with Robertson's Racing Team's cars and chassis, concepts and a sample of almost every model and color available on the Ford GT and GT40. They will be in and around Building T.

### Book

Authors "GT Joey" and Marcie Cipriani will be signing copies of their book, "Around the World in a Ford GT." It is about a unique adventure undertaken by GT Joey and Chris McGregor. There will be copies available for purchase.

PATRICK O'HARA'S 2006 HERITAGE EDITION FORD GT

# Like Father, Like Son

By Sarah Burkarth, Carlisle Events Social Media Coordinator

A 2006 Heritage Ford GT has been waiting patiently for its owner to receive his driver's license. Sixteen year old Patrick O'Hara will be making his first trip as a new driver to attend the Carlisle Ford Nationals in his very rare GT, which is one of only two Heritage models ever special-ordered. Both Patrick and his father Kevin are featured in Building T's "Like Father, Like Son" display.

Kevin O'Hara has always been a Ford guy, and had hopes of his son becoming one too. He promised his too-young-to-drive son that he would someday own a collector Ford GT and set his eyes on making it happen. After contacting Saleen Special Vehicles Inc., the Florida natives traveled to Michigan in March of 2006 to watch the GT being built. Patrick, who was seven years old at the time, was able

to sit in the car as it went down the assembly line and even got to engrave the VIN number into the frame. The limited edition Heritage is painted in Gulf orange and blue livery and was built on St. Patrick's Day of '06. After watching the car travel down the assembly line, the O'Hara duo were given a full tour of the plant. Kevin noted that they were "treated like royalty, and the Ford staff could not have been nicer." The car was sent from Saleen to Wixom for the engine and seats to be installed, and was then delivered to the O'Hara home in Florida two weeks later. Only 290 miles have been put onto the car in the last nine years.

Patrick is now a fourth generation Ford guy, becoming interested in the automotive hobby at a young age thanks to his father. Since they both

own a Ford GT, they've now set their sights on a joint restoration project in the near future. Outside of the Ford world, the O'Hara men enjoy scuba diving and camping. Kevin is a veteran guest, attending Ford Nationals since 1997, with hopes of now making the annual trips with his street-legal son and the legendary GT.

# From Hobby to Success

By Sarah Burkarth, Carlisle Events Social Media Coordinator

Gateway Classic Mustang (GCM) has been adding rubber-burning excitement to the Carlisle Ford Nationals the past couple years. They are the sponsor of the Autocross Track and are providing ride-alongs as well as doing installations.

GCM was founded 15 years ago by Jason and Lonny Childress in Bourbon, Missouri. The young brothers had a love for the automotive hobby and decided to restore a couple of classic Mustangs. After attending some local shows and taking home first-place trophies, requests for builds began to roll in. On a whim, the pair decided to open a shop; and today they build high performance classic, contemporary and resto-mod Mustangs.

Some of their most notable work includes rock 'n roll star Sammy Hagar's 1967 Red Rocker, musician Michael

Anthony's 1969 GT 500 convertible and actor Chad McQueen's 1968 Bullitt Mustang.

The current top seller in GCM's complete builds category is the 5.0L Coyote-swapped vintage Mustang. They developed a kit that comes with every nut and bolt needed to complete the swap. When these builds are finished they tend to skyrocket the value of any Mustang.

"Hot Rod TV" filmed some episodes at the GCM facility which gave them such great exposure that after the episodes aired, their "telephones rang off the hook" for build requests.

Lonny and Jason have made appearances on episodes of the TV show "R U Faster Than a Redneck" with Mustangs they built.

Since they began attending our event, GCM has expanded their display to offer on-site

installations and autocross ride-alongs.

"Autocross is one of our favorite setups to give people an idea of how well their cars can handle with the proper suspension modifications," added Tyler of Gateway Classic Mustang. "Our Gateway Performance Suspension can take your vintage Ford or late model Mustang to the next level."

When asked how they feel about the event, Tyler Hinker of GCM said, "Carlisle Events' years of experience really shows through in the event details and timing of activities. We have been to many other shows but we always enjoy returning to Carlisle for the Ford Nationals weekend."

Visit Gateway Classic Mustang on the Midway and go for a ride-along on the track.

In 1972, his first breakthrough came. AMSOIL 10W-40 Synthetic Motor Oil, the result of years of research and inspired by aerospace technology, became the first synthetic motor oil in the world to meet American Petroleum Institute service requirements. It outperformed conventional oils on all counts, signaling a new age in lubrication science.

Since then, our commitment to performance hasn't relented. Our synthetic lubricants – formulated, blended and packaged in Superior, Wis. – continue to reset the standard, enabling you to continue testing the limits of vehicle power, speed and performance.

## > vendor incentives

Vending at a Carlisle event can be a great way to make money, clean out your garage and provide an overall fun experience. Our 82-acre facility has bath houses and multiple options for dining at our concessionaires so camping in your vendor space is an easy choice. Read on for more reasons to vend at Carlisle.

### **New Vendors: Free Space**

If you've never had space at an event (or haven't for two years), you can get one space FREE if you buy TWO spaces.

### **Current Vendors: BOGO!**

If you buy a vending space at an event where you haven't before, just buy ONE – and get one FREE!

### **Multi-Show Discounts**

If you purchase vending space at 5-6 events during the 2015 season, you will be eligible to receive a 5% discount on your total vendor fees paid. Purchase space at 7 or more events and receive a 10% discount. Discounts will be paid at the end of the season.

### **Free Specialty Listing**

As a vendor you are entitled to one free specialty listing in the event guide for each event you attend. Help your customers find you; return your order form today!

### **Free Alphabetical Listing**

If you buy vending space at an event, you will be included in the alphabetical vendor listing in the event guide.

### **Space Renewals**

You have renewal rights to your vending spaces for 90 days

after the end of an event. You will receive a renewal notice approx. 30 days after the event and a final reminder postcard two weeks prior to the deadline.

### **Early Bird Renewal Discount**

The best deal in renewing your vending spaces is to pay for 2016 before the event is over. You'll get a 5% discount! Visit Vendor Services in the Registration building outside Gate 3.

### **Buy Vending Space Online**

New this year! You can buy vending spaces online! Two weeks after the 90-day renewal deadline, all spaces that have not been purchased will be available on a first-come, first-served basis. You can even choose the exact space!

## > car corral bonus - social media showroom

If you buy a **car corral** space in 2015, you are invited to advertise that vehicle for sale on our social media pages – Facebook and Twitter – FREE!

Just e-mail up to four photos of your vehicle to **SocialShowroom@CarlisleEvents.com**. Include your name, vendor number, event name, space number and important details about the vehicle you're selling.

We will post your photos one time – within a 14-day window of the event – on Facebook and Twitter. They will remain in the Social Media Showroom photo album on the Facebook page for

the applicable event.

If you buy multiple car corral spaces, you may advertise each vehicle on the Social Media Showroom. This offer is valid for each car corral space.

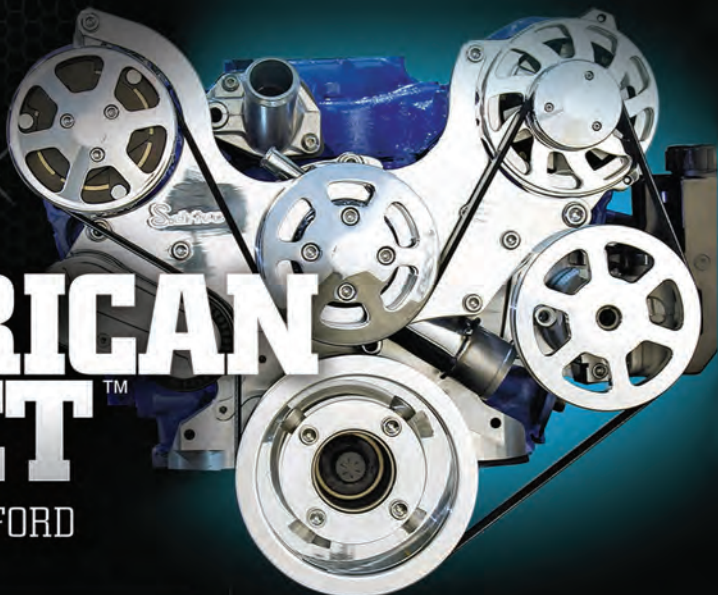

The Social Media Showroom is a trial run during 2015. Depending on its success, it may be implemented for 2016 for a fee. Take advantage of this special offer!

Thank you for your support, and we hope the additional exposure of your vehicle provided by the Carlisle Events Social Media Showroom results in a sale.

**HIGH ZINC**  
FORMULA

Zinc is critical for wear protection in flat-tappet engines. It helps prevent cam wear that today's motor oils simply can't prevent. Because unlike today's oils, AMSOIL Synthetic Z-Rod comes fully loaded with zinc.
