## Next Year's Date

**May 31 - June 2, 2019**

## From the Event Manager

Welcome to the 24th Edition of the World's Largest Ford Family Reunion, the Carlisle Ford Nationals. As you embark on your journey around the grounds you will notice this year's show is jam packed with celebrities, awesome activities, great celebrations and reunions and the world's largest all-Ford show and swap meet.

One of the highlighted activities is the 50th Anniversary Celebration of the Torino. With help from some great Torino enthusiasts and clubs we have a number of amazing Torinos from all over the country in Building T including George Poteet's award-winning car as seen in the Fast and Furious movie franchise.

The Carlisle Ford Nationals is not complete without a Ford Mustang celebration, and this year will hold its stake in Mustang history for years to come. This year we celebrate the Shelby GT500KR as part of the Cobra Jet Anniversary. In the Cobra Jet display you won't find just Mustangs, you'll find Cobra Jet cars from old to new, and survivor to restored.

Also taking place in Building T is the Bullitt Celebration made famous by Steve McQueen. You will find the Bullitt class featured in a tent outside the building. Additionally, the 20th Anniversary of the Ford Focus display is in Building T which features some of our younger generation of enthusiasts as they build their way into the hobby. Last but not least, continuing for its fourth year is the Ford Nationals Select Display in Building Y. You definitely don't want to miss that display this year, it has a great mix of cars throughout Ford's history and includes some really fast race cars too.

No Ford Nationals is complete without celebrities so make sure you check out pages 8-9 to learn about who is joining us this weekend. And don't forget to get in line to meet Dave Kindig of *Velocity's Bitchin' Rides* on Saturday in Building T. He flew all the way from Utah to be with you this weekend.

As always, enjoy the weekend, check out all the cars around our 81 acres, share your great times on Facebook, and most of all make some friends along the way. Make sure you join us next year and sign up early as we honor the Boss, Mach 1s, Eliminators, Fox Platform, and more!

DAVE KINDIG OF VELOCITY TV'S *BITCHIN' RIDES* AND SOME OF HIS BUILDS

We are very pleased to have television celebrities, former Ford engineers, famous racecar drivers, authors and more at the event this year. Be sure to check the schedule and take advantage of the opportunity to meet them and get autographs.

## Dave Kindig

The face of Velocity TV's *Bitchin' Rides*, and owner of Kindig-It Designs. Making a rare East Coast event appearance, he is the "car guy's car guy." He credits his engineering knowledge from his childhood passion for Hot Wheels and Legos and is the true definition of a self-taught designer. Starting Kindig-It Designs in 1999, Kindig is the mind behind the madness of vehicles seen on the TV show. Recognized for taking in weathered and worn out classics, Kindig and his team don't just "fix cars," they transform them into pieces of artwork. Cars like the Boosted Coyote '65 Ford Galaxie, seen on *Bitchin' Rides*, evolved from a hand-sketched picture designed by Kindig himself. Creating some of the baddest cars to hit the streets, Kindig is not only recognized on TV but by top automotive indus-

tries alike. Kindig will be here on, Saturday, June 2 to meet fans, sign autographs and pose for photos.

## Sam Auxier

One of drag racing's top drivers is here with his famed 1965 A/FX Comet drag car. It is one of nine cars built by Bill Stroppe for Mercury and was provided to Sam by Mercury. Come to Building Y to meet Sam and see a car known for its beautiful paint, exceptional engineering, wild, wheel standing starts and its success on the track.

## Marcie Cipriani

A graphic designer by trade first became involved in the publication of the SVT Mustang Cobra Recognition Guide in 1999. Since then Marcie has gone on to be involved with the SVTOA as the director of publications like the *Fox-Body Mustang Recognition Guide*, *Ford GT - The Complete Owners Experience*, *Around the world in a Ford GT*, *Iron Fist*, *Lead Foot*, and many other Ford books.

He went on to start his own aftermarket business, Mustang Racing Technologies (MRT) after leaving Ford Motor Company. Scott worked with author Tony Alonso on the book, *Engineer + Enthusiast = Excitement*, which is being launched this weekend. The first 300 copies come with a surprise! The book is Tony's humorous rendition of Scott's account of what it took to shepherd the two special Mustangs within Ford Motor Company.

---

## Al Joniec

Was selected by Ford Motor Company out of eight individuals nationwide to be fully sponsored by their racing program in the 1960s. He won multiple national championships and set racing records while continuing his passion to learn as much as he could about the industry. Even after Ford withdrew from racing in 1971, Al continued building engines and drag racing. Meet him with the Cobra Jet reunion in Building T.

---

## Joseph "GT Joey" Limongelli

If you've ever considered taking a trip around the world in a car you love, you'll want to meet Joseph "GT Joey" Limongelli. He is a published author, Velocity Channel TV host and overall car enthusiast. GT Joey co-authored the book *Around the World in a Ford GT* with special guest, Marcie Cipriani. They'll be in Building T selling copies of the book and signing them too. GT Joey will also have DVD copies of his Velocity TV program, *Ford GT, an American Icon* for sale.

---

## Charlie Morris

Has authored several Ford-related books and will be signing them and hosting seminars during the event. He wrote one dedicated to the Ford Y-Block, one about the Ford Drag Team that was anchored by the late Hubert Platt and his most recent book is called *Detroit Muscle* which focuses on all types of muscle era cars. Morris has been a Ford fan from the day he watched the 1960 Daytona 500 and decided it was the Blue Oval for him. A fan of any style of racing that Ford products participated in, his experiences have been in drag racing. He has raced a 1954 Ford in M/Stock and a Super Stock 1962 Ford, crewed an Alcohol Funny Car and a Pro-Stock Ford Thunderbird and was the engine builder/crew chief for a championship-winning 1963-1/2 Nostalgia Super Stock Galaxie.

---

## Mr. Regular

Regular Car Reviews is a Pennsylvania-grown comedy car show which lampoons car culture while, at the same time praising it. ---

## Steve Saleen

He was inducted into the Mustang Hall of Fame in 1996 along side Carroll Shelby. Saleen even had a hand in the 2005-2006 Ford GTs. Steve will be with the Saleen Automotive club throughout the event. Check the schedule for autograph times.

mance and racing. He is the former editor of Muscle Mustangs & Fast Fords Magazine/Mustang-360.com, competes regularly in NHRA drag racing, open track road racing, and serves as a factory test driver for Ford Motor Company. ## 50 YEARS OF THE BULLITT MUSTANG (Building T)

It's been 50 years since Steve McQueen's famous high speed chase scene in the movie "Bullitt." There were two 1968 Mustang GTs used in the movie and the one driven by McQueen recently surfaced after a 40 year hibernation. It is currently on tour and is being honored not only at special events but by Ford Motor Company with a new Bullitt edition Mustang. Ford has offered the Bullitt package on 2001, 2008, 2009 and now the 2019 models. The Bullitt package is based on the GT model and has numerous performance upgrades and appearance changes. See several years of the Bullitt in Building T and the new model in the Expo Center (free shuttle from Gate 3).

## 50 YEARS OF THE TORINO (Building T)

The Torino ran from 1968 to 1976 and had a great racing history in NASCAR with the Torino Talladega and the Torino King Cobra. The Torino had its share of the lime light in pop culture with appearances in the Starsky & Hutch TV series and movie as well as the Clint Eastwood movie, "Gran Torino," and in the 2009 edition of Fast & Furious. See many variations of the Torino in Building T.

## 50 YEARS OF THE COBRA JET & GT500KR (Building T)

In 1968 Ford Motor Company introduced the Cobra Jet engine. The Cobra Jet, or "CJ," was a beefed-up performance version of the 428 FE. There was also a Super Cobra Jet (SCJ) which became standard equipment when buyers ordered the "Drag Pack" option. In 2008 Ford reintroduced the Cobra Jet engine as a modern 5.4L V8 equipped with a 2.3L supercharger and other performance upgrades. Along with the 2008 engine, Ford introduced a special 50-car run called 2008 Mustang Cobra Jet aka the FR500CJ race car which came equipped with the modern CJ engine. The car was so popular, Ford Performance built additional 50-car batches in 2010, 2012, 2013, 2014, and 2016. See Cobra Jets old and new in Building T this weekend as well as special guest Al Joniec.

In the late 1960s Shelby was a name synonymous with special edition Fords. Carroll Shelby and his team of engineers tinkered with a number of Ford Mustangs which would come to be adorned with Shelby name plates like the GT350 and GT500. There were no Shelby Mustangs more famous than the GT500KR. The KR in GT500KR stands for "King of the Road" and that name still stands tall today in muscle car markets. Equipped with the 428 Cobra Jet engine, these were instant hits once you pressed the accelerator. Since 1968 this has become one of the most sought after Shelbys for collectors and enthusiasts alike. See the GT500KR's as part of this year's Cobra Jet display in Building T.

## 20 YEARS OF THE FORD FOCUS (Building T)

The Ford Focus, which originally debuted in Europe for the 1998 model year, took the small car market by storm in the early 2000s. It won the North American Car of the Year in 2000 and, most recently, the 2017 Focus RS was named Autoguide's Car of the Year. The Focus experienced racing fame beginning with the 1999 Monte Carlo Rally in which it racked up numerous wins, championships and manufacturer's titles. That early fame transferred into many video games and the emerging younger car enthusiast markets. It was part of the Fast & Furious franchise and family hits such as Shaggy Dog. It also became the highlight of many motorsports videos piloted by driver and professional hooner, Ken Block. From 2002 to 2004 Ford built several special editions including an SVT version, Kona Edition (partnership with Kona Bikes) and a Sony edition. See the many faces of Focus on display in Building T.

(ABOVE) SARAH CASSETTE'S 1968 SHELBY GT500KR AT THE 2017 PRE-GRAND OPENING GATHERING AT FORD'S GARAGE IN DEARBORN, MI

(RIGHT) SARAH AND HER FATHER AT A FORD GT DELIVERY PARTY AT MICHIGAN INTERNATIONAL SPEEDWAY IN 2017

By Sabrina Smith, Carlisle Events

Christmas morning happened in April of 2012, when Sarah Cassette's dad signed his 1968 Shelby GT500KR over to her. Standing at the DMV, Sarah was shocked. She looked at her dad and said, "I never did anything to deserve this." His response to his daughter's comment was, "Thank you for being a wonderful daughter."

Growing up, Sarah would spend time with her dad in the garage, helping him maintain their family vehicles; typically, daily drivers. Until one "Michigan Winter" in 2001, when a covered hauler pulled up and placed a beautiful Highland Green 1968 Shelby GT500KR in their garage. Sarah came home from school and stood in awe. Smitten by the vehicle's appearance, Sarah had no clue how rewarding and interesting this car would truly turn out to be.

Throughout the years, they

worked on the car together, turning it into *their* dream car. Sarah, with help from Kevin Marti (Marti Auto Works) and Vincent Liska (1968 Shelby Registrar with SAAC), traced the history of the car and was able to retrieve important information to document and further authenticate it.

"The KR has proven to be the dream car that I never could have imagined," Sarah notes, "Not just because of the history behind it, but like so many other people I have met, because of the sentimental value."

Fast forward to 2018, Sarah now serves as the Vice President of the Mustang Owners Club of South Eastern Michigan (MOCSEM). MOCSEM is a non-profit/charitable organization that aims to preserve, restore and research all generations of the Mustang. Organizing club meetings, events, the club's annual

Mustang Memories Show at Ford World Headquarters, and day-to-day functions, Sarah has taken her automotive passion to a different level with MOCSEM. Sarah attended Carlisle Ford Nationals for the first-time last year and was amazed.

"I was floored at the vastness of the event, people, specialty events, vendors, speakers, presentations, etc. It was everything," Sarah said. "I met so many amazing people last year that I have kept in contact with over the past year and am definitely looking forward to catching up with them this year."

It also doesn't hurt that last year she was able to find several car parts that she and her dad had been looking years for, "I actually called my dad from the showfield to tell him what I found!"

Come meet Sarah and her dad at MOCSEM's Club Tent this weekend on Row R.

# Vendor Spotlight: Saleen Automotive

30TH ANNIVERSARY EDITION CARS DURING THE "SALEENS AT THE SEA" EVENT IN APRIL 2018

1986 T-TOP SALEEN FOX BODY MUSTANG

STEVE SALEEN WITH A SALEEN MUSTANG POLICE CAR

By Sabrina Smith, Carlisle Events

There is nothing “ordinary” about Saleen Automotive Inc. Saleen is not a company that’s okay with sitting back and being content with “normal”. It prides itself in being the premier small car manufacturer while standing alongside and being held to the same standards and regulations as OEM’s like Ford, Dodge or GM.

Steve Saleen, founder and CEO of Saleen Automotive Inc., is the mind behind the masterpiece. Introducing the world to a “new industry of design, engineering, manufacturing and sales of high performance vehicles,” while staying true to Steve’s racing passion makes Saleen an innovative and model automotive company. (He is even a member of the Mustang Hall of Fame!)

With roots dating back to 1983, Saleen has grown to be recognized worldwide as a leader in the automotive market. Unique marketing techniques provide customers with exquisite design, testing and certification in a reasonably

quick timeframe.

While the company has in the past dabbled with different automotive brands, Saleen is back where they started – with Ford Motor Company. Their first interaction with an OEM was Ford. Saleen introduced its first product in 1984, the Saleen Mustang.

Steve’s passion for racing his Shelby GT350 Mustang might have played influence in the introduction of a new Saleen Mustang each year from 1984-1989, with many more to follow. After the huge success of Saleen’s S7 supercar, Ford came calling for help on the assembly of the 2005-2006 Ford GT. And later Saleen helped build Ford’s supercharged Harley Davidson F150s.

In addition to their production of vehicles, the company offers an aftermarket parts brand: Saleen Performance Parts. Just this year they debuted a full line of products including Mustang builds!

Sean Cook, Director of Events Marketing at Saleen,

is responsible for organizing/ planning events across the country. He credits Mr. Saleen for his willingness to bring in the best group of employees to complement the company.

Yet, he notes that “what sets us apart is over 30K Saleen enthusiasts/owners who make up a strong community. Without our amazing ‘Saleeniacs’ we certainly wouldn’t be where we are today.”

As for new things coming at Saleen, Cook hints “Those that prefer dirt to asphalt get left out a lot of the time. For those people, I would tell them that Saleen is always looking for ways to include all our fans in the fun. There is ALWAYS something exciting being discussed and planned at Saleen.”

Saleen Automotive Inc. has attended Carlisle Ford Nationals in past years, but this weekend is special because Steve Saleen is here. Find him in the Saleen Automotive booth located near the stage, hosting autograph sessions and Meet & Greets!

## REVITALIZATION PROJECT

The site of the former International Automotive Components plant, located along Spring Road a few blocks from the Carlisle Fairgrounds, closed in 2008. Carlisle Events purchased the property and has undergone several years of clearing the land, planning, cutting through red tape and is now in the beginning stages of construction. The first phase of the project is the infrastructure – roads, storm water runoff, sewage, power and water lines, etc. By the end of this event season we expect to see some buildings take shape to include a hotel, shops and a luxury car condominium community (Concours at Carlisle [concoursatcarlisle.com](http://concoursatcarlisle.com)). We are very excited at the progress and will include updates in this year's event guides.
